Independent Auditors' Report on review of Unconsolidated Interim Condensed Financial Information

To the Board of Directors and Management Board of Mortgage organisation Kazakhstan Mortgage Company JSC

Introduction

We have reviewed the accompanying unconsolidated interim condensed statement of financial position of Mortgage organisation Kazakhstan Mortgage Company JSC (the "Company") as at 30 June 2013, and the related unconsolidated interim condensed income statement and unconsolidated interim condensed statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and notes to the unconsolidated interim financial information (the "unconsolidated interim condensed financial information"). Management is responsible for the preparation and presentation of this unconsolidated interim condensed financial information in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. Our responsibility is to express a conclusion on this unconsolidated interim condensed financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of unconsolidated interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As at 31 December 2012, the Company has not separated and measured at fair value a foreign currency written option feature embedded in a loan payable, which is required by International Financial Reporting Standard IAS 39 *Financial Instruments: Recognition and Measurement*. The effects of this departure from International Financial Reporting Standards on derivative liability, other borrowed funds, accumulated losses as at 31 December 2012, accumulated losses as at 30 June 2012, net gain on financial instruments at fair value through profit or loss, income tax benefit, loss for the period, total comprehensive loss for the period and basic loss per share for the six-month periods ended 30 June 2013 and 30 June 2012 have not been determined.

Basis for Qualified Conclusion, continued

As described in the Note 8 to the unconsolidated interim condensed financial information, during the six-month period ended 30 June 2012 the Company revised certain assumptions applied to estimate the impairment losses on its loans to customers which resulted in recovery of impairment losses for the six-month period ended 30 June 2012. Due to limitations of the accounting records of the Company these revisions cannot be linked to underlying changes of that period. In accordance with International Financial Reporting Standard IAS 39 Financial Instruments: Recognition and Measurement, impairment losses should be measured using historical loss experience adjusted on the basis of relevant observable data that reflect current economic conditions. The effects of this departure from International Financial Reporting Standards on accumulated losses, impairment recoveries, taxation, loss for the period, total comprehensive loss and basic loss per share as at and for the six-month period ended 30 June 2012 have not been determined.

Qualified Conclusion

Based on our review, except for the possible effects of the matters described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the unconsolidated interim condensed financial information is not prepared, in all material respects, in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

The unconsolidated interim condensed statement of changes in equity is to be read in conjunction with the notes to, and forming part of, the unconsolidated interim condensed financial

1 Background

(a) Principal activities

The Mortgage Organisation Kazakhstan Mortgage Company JSC (the "Company") was established on 29 December 2000 in accordance with resolution number 469 of the National Bank of the Republic of Kazakhstan (the "NBRK") dated 20 December 2000. The principal activity of the Company is the issuance of mortgage loans in accordance with the license of regulatory authorities. The Company may additionally perform trust, factoring, forfeiting and leasing operations.

On 12 April 2010 the Company obtained a banking license #5.1.69 on banking lending transactions.

The activities of the Company are regulated by the Committee for the control and supervision of the financial market and financial organisations of the NBRK (the "FMSC") and the NBRK.

The Company's official address is 98, Karasay Batyr st., 050012, Almaty, Kazakhstan. The Company has a representative office in Astana.

Under the realisation of the Program "Affordable Housing-2020" the Company established a subsidiary company, United Payment Systems LLC (state registration certificate of a legal entity № 1266-1910-02-TOO dated 9 July 2012). The main functions of the subsidiary are communications with potential lessees, conclusion of rent and utilities (maintenance) agreements, collection and arrangement of lease payments and payments relating to servicing of current mortgage transactions, and control over completeness and timeliness of cash flows.

United Payment Systems LLC established a subsidiary in the form of the joint-stock company, Kazakhstan Housing Construction Corporation JSC (state registration certificate of a legal entity № 1559-1910-02-AO dated 6 August 2012). In accordance with the Decree #821 of the Government of the Republic of Kazakhstan dated 21 June 2012 the main functions of the subsidiary are organisation and holding of necessary tenders, engineering supervision on all stages of construction, acceptance and setting into exploitation, and once it finished, supporting of transfer of leased property to the Company.

(b) Shareholders

As at 30 June 2013 and 31 December 2012 the Committee of the State Property and Privatisation of the Ministry of Finance of the Republic of Kazakhstan owned 100.00% and 99.99% of the Company's voting shares, respectively.

On 1 June 2012 the Committee transferred the rights of possession and use, without the right of disposal for 1,202,004 of the Company's voting shares (41.56% out of the total number of issued and outstanding shares) to the Committee for Construction, Housing and Utilities.

(c) Kazakhstan business environment

The Company's operations are primarily located in Kazakhstan. Consequently, the Company is exposed to the economic and financial markets of Kazakhstan which display characteristics of an emerging market. The legal, tax and regulatory frameworks continue development, but are subject to varying interpretations and frequent changes which together with other legal and fiscal impediments contribute to the challenges faced by entities operating in Kazakhstan. The unconsolidated interim condensed financial statements reflect management's assessment of the impact of the Kazakhstan business environment on the operations and the financial position of the Company. The future business environment may differ from management's assessment.

2 Basis of preparation

(a) Statement of compliance

These unconsolidated interim condensed financial statements are prepared in accordance with International Accounting Standard 34 *Interim Financial Reporting* ("IAS 34"). They do not include all of the information required for full annual financial statements, and should be read in conjunction with the unconsolidated financial statements of the Company as at and for the year ended 31 December 2012, as these unconsolidated interim condensed financial statements provide an update of previously reported financial information.

The Company also prepares consolidated interim condensed financial statements for the sixmonth period ended 30 June 2013 in accordance with IAS 34 that can be obtained from the Company's head office at 98, Karasay Batyr st., Almaty, Kazakhstan.

(b) Basis of measurement

The unconsolidated interim condensed financial statements are prepared on the historical cost basis except that financial instruments at fair value through profit or loss, available-for-sale financial assets and investment property are stated at fair value.

(c) Functional and presentation currency

The functional currency of the Company is the Kazakhstan Tenge (KZT) as, being the national currency of the Republic of Kazakhstan, it reflects the economic substance of the majority of underlying events and circumstances relevant to them.

The KZT is also the presentation currency for the purposes of these unconsolidated interim condensed financial statements.

Except as indicated, financial information presented in KZT is rounded to the nearest thousand.

(d) Use of estimates and judgments

Management has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these unconsolidated interim condensed financial statements in conformity with IAS 34. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In preparing these unconsolidated interim condensed financial statements the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty are the same as those that applied to the Company's unconsolidated financial statements for the year ended 31 December 2012.

(e) Change in application of accounting policy

During the preparation of unconsolidated financial statements as at and for the year ended 31 December 2012, management of the Company reassessed accounting treatment of the initial recognition of the loan from the Ministry of Finance of the Republic of Kazakhstan received in 2007, affecting 30 June 2012 corresponding figures. The comparative information has also been restated to conform to changes in presentation in the current period.

2 Basis of preparation, continued

(e) Change in application of accounting policy, continued

At receipt, in December 2007, the loan was initially recognised at nominal value as it had been considered repayable on demand due to certain contractual conditions imposed by the lender. In 2012 the Company reassessed the probability of meeting these conditions and concluded that the conditions had been met at the date of receipt of the loan, as they were closely aligned with the Company's operating objectives. Accordingly, the Company reassessed the loan as being repayable on its contractual maturity, in December 2027. The fair value of the loan at initial recognition was therefore re-estimated by discounting the contractual future cash flows on the loan using management's estimate of a long term market borrowing rate for the Company. This borrowing rate of 8% was estimated with reference to the effective interest rates on the Company's other fixed rate borrowings in December 2007.

The resulting difference of KZT 6,998,161 thousand between the fair value of the proceeds received and the fair value of the loan obligation was recorded as additional paid-in capital with effect from 26 December 2007. Interest expense was also re-calculated for all the periods affected.

The effect of the change in application of accounting policy on the corresponding figures can be summarised as follows:

3 Significant accounting policies

The accounting policies applied by the Company in these unconsolidated interim condensed financial statements are consistent with those applied by the Company in the unconsolidated financial statements for the year ended 31 December 2012.

Certain new standards and improvements to IFRS became effective from 1 January 2013 and have been adopted by the Company since that date. These changes do not have a significant effect on the unconsolidated interim condensed financial statements.

3 Significant accounting policies, continued

- IFRS 12 Disclosure of Interests in Other Entities introduced disclosure requirements for
 entities that have interests in subsidiaries, joint arrangements, associates and unconsolidated
 structured entities. Interests are widely defined as contractual and non-contractual
 involvement that exposes an entity to variability of returns from the performance of the other
 entity.
- IFRS 13 Fair Value Measurement replaced the fair value measurement guidance contained in
 individual IFRSs with a single source of fair value measurement guidance. It provides a
 revised definition of fair value, establishes a framework for measuring fair value and sets out
 disclosure requirements for fair value measurements. IFRS 13 does not introduce new
 requirements to measure assets or liabilities at fair value, nor does it eliminate the
 practicability exceptions to fair value measurement that currently exist in certain standards.

Deferred tax asset and liability

Temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes give rise to net deferred tax assets as at 30 June 2013 and 31 December 2012. These deferred tax assets are recognised in these unconsolidated interim condensed financial statements. The future tax benefits will only be realised if profits will be available against which the unused tax losses can be utilised and there are no changes to the law and regulations that adversely affect the Company's ability to claim the deductions in future periods.

The deductible temporary differences do not expire under current tax legislation. The tax losses carry-forward expire in 2019-2023.

As at 30 June 2013, the Company has recognised net deferred tax asset of KZT 2,204,235 thousand arising from tax losses carried forward. Management believes that the Company will be able to earn sufficient future taxable profit based on the realisation of the government programme "Affordable housing - 2020" under the Decree #821 of the Government of the Republic of Kazakhstan dated 21 June 2012. The significant assumptions used by management in estimating the amount of deferred tax asset to be recognised remain unchanged since 31 December 2012.

During the six-month period ended 30 June 2013 the Company has recognised a deferred tax liability related to the equity component of a low interest rate loan received from the shareholder in prior periods. The transfer was made directly in equity and was not done on a retrospective basis since it was not considered significant to comparative information.

(b) Analysis of impairment

As at 30 June 2013, the significant assumptions used in determining impairment losses for mortgage loans are the same as those that applied to the Company's unconsolidated financial statements for the year ended 31 December 2012.

During the six-month period ended 30 June 2012 the Company applied revised assumptions used in determining impairment losses for mortgage loans compared to those applied to the Company's financial statements for the year ended 31 December 2011, such as follows:

- The historical period for calculation of migration rates was decreased from 12 to 6 months;
- Discount rates applied to determine recoverable values of collateral at foreclosure were reduced by 10% in average.

Movements in the loan impairment allowance are as follows:

	Six-month period ended 30 June 2013 KZT'000	Six-month period ended 30 June 2012 KZT'000
